Prospective transfers	CBU has an agreement with many colleges which results in transfer credit being specified Engineering Technology Diploma graduates, such that as few as 36 cre CBU would be required to complete the BET Degree program. Prospective students are encouraged to contact their college for information on the agreement with CBU or to contact CBU directly. Where no agreement exists, indi

	consideration will be given to possible transfer credits. In any case, however, resi requirements must be met. Electives: Selection of all electives must be done through prior consultation with advisor from the program. Residence requirements: Graduation with the degree (or diploma) normally requir the student take a minimum of 50% the program's required courses from CBU. CBU distance courses can be included to meet the residency requirements. Some join programs, such as the articulation agreements previously noted in the Transfer Cr section, may allow special circumstances which differ from this minimum. Graduation requirement: For this three year program, a minimum of all courses in t program (or approved equivalent) must be completed to be eligible for graduati
How To Apply	Students holding a completed diploma in the above agreement can apply to Cap University online at www.cbu.ca/apply. At the time of application, students will choose post-diploma option and have all official transcripts forwarded to CBU. Once admitted into the program, students can meet with an academic advisor to select the courses to complete their Bachelor of Engineering Technology degree.
