

**Articulation Programs:**

- Bachelor of Engineering Technology

<b>Institution name</b>	<b>Centennial College</b>																																											
<b>Location</b>	Toronto, ON, Canada																																											
<b>Date of signing</b>	June 2, 2015																																											
<b>Date of expiry</b>	June 1, 2020																																											
<b>Program Description</b>	This articulation agreement will allow qualified graduates of Centennial College diploma programs to enter CBU's Bachelor of Engineering Technology programs with advanced standing.																																											
<b>Program Details</b>	<p>Cape Breton University and Centennial College agree to cooperate with the purpose of offering degree completion options to students of Centennial College diploma programs as shown below:</p> <table border="1"> <thead> <tr> <th><b>CBU Degree Programs</b> Min. # of credits to completion at CBU [Empty field indicates not applicable]</th> <th><b>BET Electronics and Controls</b></th> <th><b>BET Environmental Studies</b> All courses available by distance</th> <th><b>BET Manufacturing</b> All courses available by distance</th> <th><b>BET Petroleum</b></th> </tr> </thead> <tbody> <tr> <td><b>From Centennial College's Technology Diplomas</b></td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>Electro-Mechanical Engineering Technology- Automation and Robotics</td> <td></td> <td></td> <td>30</td> <td>36</td> </tr> <tr> <td>Electronics Engineering Technology</td> <td>36</td> <td></td> <td></td> <td>36</td> </tr> <tr> <td>Environmental Technology</td> <td></td> <td>36</td> <td></td> <td>36</td> </tr> <tr> <td>Environmental Protection Technology*</td> <td></td> <td>36</td> <td></td> <td>36</td> </tr> <tr> <td>Mechanical Engineering Technology- Design</td> <td></td> <td></td> <td>30</td> <td>36</td> </tr> <tr> <td>Mechanical Engineering Technology- Industrial</td> <td></td> <td></td> <td>30</td> <td>36</td> </tr> </tbody> </table>				<b>CBU Degree Programs</b> Min. # of credits to completion at CBU [Empty field indicates not applicable]	<b>BET Electronics and Controls</b>	<b>BET Environmental Studies</b> All courses available by distance	<b>BET Manufacturing</b> All courses available by distance	<b>BET Petroleum</b>	<b>From Centennial College's Technology Diplomas</b>					Electro-Mechanical Engineering Technology- Automation and Robotics			30	36	Electronics Engineering Technology	36			36	Environmental Technology		36		36	Environmental Protection Technology*		36		36	Mechanical Engineering Technology- Design			30	36	Mechanical Engineering Technology- Industrial			30	36

Mechanical Engineering Technology- Design			30	36																																								
Mechanical Engineering Technology- Industrial			30	36																																								

<p><b>Prospective transfers</b></p>	<p>CBU has an agreement with many colleges which results in transfer credit being given to specified Engineering Technology Diploma graduates, such that as few as 36 credits from CBU would be required to complete the BET Degree program.</p> <p>Prospective students are encouraged to contact their college for information on the agreement with CBU or to contact CBU directly. Where no agreement exists, individual consideration will be given to possible transfer credits. In any case, however, residency requirements must still be met.</p> <p><b>Electives:</b> Selection of all electives must be done through prior consultation with a faculty advisor from the program.</p> <p><b>Residence requirements:</b> The CBU BET programs require that all of the credits specified in the preceding table for a particular option be taken from CBU. A number of CBU courses are available by distance (paper or online), including some of the required courses for the Bachelor of Engineering Technology degree programs and may, in some instances, be the only offering of that particular course that year. CBU distance courses can be used to fulfill the credit residency requirement.</p> <p><b>Graduation requirement:</b> For this three year program, a minimum of all courses in the program (or approved equivalent) must be completed to be eligible for graduation.</p>
<p><b>How To Apply</b></p>	<p>Students holding a completed diploma in any of the above agreements can apply to Cape Breton University online at <a href="http://www.cbu.ca/apply">www.cbu.ca/apply</a>. At the time of application, students will choose the <i>post-diploma</i> option of the degree and have all official transcripts forwarded to CBU. Once admitted into the program, students can meet with an academic advisor to help select the courses to complete their Bachelor of Engineering Technology degree.</p>
<p><b>Academic Schools</b></p>	<p>School of Science &amp; Technology</p>
