

Articulation Programs:

- Bachelor of Engineering Technology
-

Institution name	Fleming College																	
Location	Lindsay, ON, Canada																	
Date of signing	February 25, 2015																	
Date of expiry	February 24, 2020																	
Program Description	This articulation agreement will allow qualified graduates of Fleming College diploma programs to enter CBU's Bachelor of Engineering Technology programs with advanced standing.																	
Program Details	<p>Cape Breton University and Fleming College agree to cooperate with the purpose of offering degree completion options to students of Fleming College diploma programs as shown below:</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">CBU Degree Programs Min. # of credits to completion at CBU [Empty field indicates not applicable.]</th> <th style="text-align: center;">BET Environmental Studies All courses available by distance</th> <th style="text-align: center;">BET Petroleum</th> </tr> </thead> <tbody> <tr> <td style="text-align: center;">From Fleming College's Technology Diplomas</td> <td style="text-align: center;">BET</td> <td style="text-align: center;">BET</td> </tr> <tr> <td style="text-align: center;">Ecosystem Management Technology</td> <td style="text-align: center;">36</td> <td style="text-align: center;">36</td> </tr> <tr> <td style="text-align: center;">Environment Technology</td> <td style="text-align: center;">36</td> <td style="text-align: center;">36</td> </tr> <tr> <td style="text-align: center;">Fish and Wildlife Technology</td> <td style="text-align: center;">36</td> <td></td> </tr> </tbody> </table>			CBU Degree Programs Min. # of credits to completion at CBU [Empty field indicates not applicable.]	BET Environmental Studies All courses available by distance	BET Petroleum	From Fleming College's Technology Diplomas	BET	BET	Ecosystem Management Technology	36	36	Environment Technology	36	36	Fish and Wildlife Technology	36	
CBU Degree Programs Min. # of credits to completion at CBU [Empty field indicates not applicable.]	BET Environmental Studies All courses available by distance	BET Petroleum																
From Fleming College's Technology Diplomas	BET	BET																
Ecosystem Management Technology	36	36																
Environment Technology	36	36																
Fish and Wildlife Technology	36																	
Prospective Transfers	<p>CBU has an agreement with many colleges which results in transfer credit being given to specified Engineering Technology Diploma graduates, such that as few as 36 credits from CBU would be required to complete the BET Degree program.</p> <p>Prospective students are encouraged to contact their college for information on the agreement with CBU or to contact CBU directly. Where no agreement exists, individual</p>																	

	<p>consideration will be given to possible transfer credits. In any case, however, residency requirements must still be met.</p> <p>Electives: Selection of all electives must be done through prior consultation with a faculty advisor from the program.</p> <p>Residency and Distance Courses: The CBU BET degree programs require that all of the credits specified in the preceding table for a particular option be taken from CBU. A number of CBU courses are available by distance (paper or online), including some of the required courses for the Bachelor of Engineering Technology degree programs and may, in some instances, be the only offering of that particular course that year. CBU distance courses can be used to fulfill the credit residency requirement.</p> <p>Graduation requirement: For this three year program, a minimum of all courses in the program (or approved equivalent) must be completed to be eligible for graduation.</p>
How To Apply	<p>Students holding a completed diploma in the above agreement can apply to Cape Breton University online at www.cbu.ca/apply. At the time of application, students will choose the <i>Articulation Agreement</i> and have all official transcripts forwarded to CBU.</p> <p>Once admitted into the program, students can meet with an academic advisor to help select the courses to complete their Bachelor of Engineering Technology degree.</p>
