

Articulation Programs:

- Bachelor of Engineering Technology

Institution name	Georgian College				
Location	Toronto, ON, Canada				
Date of signing	February 26, 2015				
Date of expiry	February 25, 2020				
Program Description	This articulation agreement will allow qualified graduates of Georgian College diploma programs to enter CBU's Bachelor of Engineering Technology degree programs with advanced standing.				
Program Details	Cape Breton University and Georgian College agree to cooperate with the purpose of offering degree completion options to students of Georgian College diploma programs as shown below:				
	CBU Degree Programs				
	Min.# of credits at CBU Empty field indicates not applicable	BET Electronics and Controls	BET Environmental Studies All courses available by distance	BET Manufacturing All courses available by distance	BET Petroleum
	From Georgian College's Technology Diplomas				
	Civil Engineering Technology		36		36
	Environmental Technology		36		36
Mechanical Engineering Technology – Automotive Manufacturing			30	36	
Mechanical Engineering Technology – Automotive Product Design			30	36	

<p>Prospective Transfers</p>	<p>CBU has an agreement with many colleges which results in transfer credit being given to specified Engineering Technology Diploma graduates, such that as few as 36 credits from CBU would be required to complete the BET Degree program.</p> <p>Prospective students are encouraged to contact their college for information on the agreement with CBU or to contact CBU directly. Where no agreement exists, individual consideration will be given to possible transfer credits. In any case, however, residency requirements must still be met.</p> <p>Electives: Selection of all electives must be done through prior consultation with a faculty advisor from the program.</p> <p>Residency and Distance Courses: The CBU Engineering Technology degree programs require that all of the credits specified in the preceding table for a particular option be taken from CBU. A number of CBU courses are available by distance (paper or online), including some of the required courses for the Bachelor of Engineering Technology degree programs and may, in some instances, be the only offering of that particular course that year. CBU distance courses can be used to fulfill the credit residency requirement.</p> <p>Graduation requirement: For this three year program, a minimum of all courses in the program (or approved equivalent) must be completed to be eligible for graduation.</p>
<p>How To Apply</p>	<p>Students holding a completed diploma in the above agreement can apply to Cape Breton University online at www.cbu.ca/apply. At the time of application, students will choose the <i>Articulation Agreement</i> and have all official transcripts forwarded to CBU.</p> <p>Once admitted into the program, students can meet with an academic advisor to help select the courses to complete their Bachelor of Engineering Technology degree.</p>
