

Articulation Programs:

Bachelor of Engineering Technology

Institution name	Thompson River University															
Location	Kamloops, BCCanada															
Date of signing	January 23, 2009															
Date of expiry	January 2, 2014															
Program Description	This articulation agreement will allow qualified graduates of Thompson River University diploma program to enter CBU's Bachelor of Engineering Technology degree program with advanced standing.															
Program Details	<p>Cape Breton University and Thompson River University agree to cooperate with the purpose of offering degree completion options to students of TRU's diploma programs as shown below:</p> <table><tr><th colspan="3">CBU Degree Programs</th></tr><tr><th colspan="3">Min. # of credits to completion at CBU [Empty field indicates not applicable]</th></tr><tr><th colspan="3">From Thompson River University's Technology Diplomas</th></tr><tr><th></th><th>BET Manufacturing All courses available by distance</th><th>BET Petroleum</th></tr><tr><td>Architectural Engineering Technology</td><td>30</td><td>36</td></tr></table>	CBU Degree Programs			Min. # of credits to completion at CBU [Empty field indicates not applicable]			From Thompson River University's Technology Diplomas				BET Manufacturing All courses available by distance	BET Petroleum	Architectural Engineering Technology	30	36

Min. # of credits to completion at CBU [Empty field indicates not applicable]																
From Thompson River University's Technology Diplomas																
	BET Manufacturing All courses available by distance	BET Petroleum														
Architectural Engineering Technology	30	36														
Prospective transfers	<p>CBU has an agreement with many colleges which results in transfer credit being given to specified Engineering Technology Diploma graduates, such that as few as 36 credits from TRU would be required to complete the BET Degree program.</p> <p>Prospective students are encouraged to contact their college for information on the agreement with CBU or to contact CBU directly. Where no agreement exists, individual consideration will be given to possible transfer credits. In any case, however, residency requirements must still be met.</p>															

	<p>Electives: Selection of all electives must be done through prior consultation with a faculty advisor from the program.</p> <p>Residence requirements: Graduation with the degree (or diploma) normally requires a student take a minimum of 50% of the program's required courses from CBU. CBU diploma courses can be included to meet the residency requirements. Some joint, programs, and the articulation agreements previously noted in the Transfer Credit section allow for special circumstances which differ from this minimum.</p> <p>Graduation requirements: For this three year program, a minimum of all courses in the program (or approved equivalent) must be completed to be eligible for graduation.</p>
How To Apply	<p>Students holding a completed diploma in any of the above agreements can apply to Cape Breton University online at www.cbu.ca/apply. At the time of application, students will check the post-diploma option of the degree and have all official transcripts forwarded to CBU. Once admitted into the program, students can meet with an academic advisor to help select courses to complete their Bachelor of Engineering Technology degree.</p>
