

## **Bachelor of Arts and Science in Environment**

### **- Letter of Interest Guide -**

In order to complete your application to CBU's Bachelor of Arts and Science in Environment, a Letter of Interest must be completed in addition to the [official online application](#).

This dynamic program attracts students from around the globe who are passionate about making a positive impact on the ever-changing world around them. The Letter of Interest allows prospective students to showcase their passion, interest, motivation and current involvement in environmental issues, sustainability and more.

#### **Writing Guidelines and Ideas**

- Letters should be approximately 500 words
- Questions to consider:
  - Why are you interested in the program?
  - What interest do you have in environmental issues? Where does this interest come from?
  - What environmental activities you are involved in?
- Injecting Creativity:
  - Are you an artist? Do you run a blog? A radio show? Can you choreograph a dance about white-nosed bat syndrome? Highlight these if so.

#### **Submission Guidelines:**

- Please include your full name, current school of attendance if applicable (high school or post secondary) and complete contact information
- Email your Letter of Interest to the Directors of the Bachelor of Arts in Environment (BASE) program at [base@cbu.ca](mailto:base@cbu.ca)
- Letters of Interest should be sent as PDF files
