WELCOME TO RESIDENCE

Thank you for choosing residence at Cape Breton University! Living in residence is a big part of the university experience, and will provide the foundation for so many of the memories you will make at CBU. In our residences, students from all over the world come together to discover what it really means to be a Cape Bretoner. From the moment you arrive at your residence, you're going to feel like you've found your home away from home.

We believe that your residence experience should be as enriching and fun as possible. Our residence buildings are always buzzing with activity, and with tons of on-campus societies, there is always something to do. When you choose to live in one of CBU's residence buildings, you're choosing all of the benefits of home, just steps away from class.

Throughout the following pages, you'll learn everything you need to know about residence life at CBU and meet the staff who will work with you to make it feel like home. Please read the information in this handbook carefully, as it represents the terms of the contract you will be signing upon your arrival.

ROOMMATES

A roommate can play a huge role in having a successful residence experience. Most people enjoy the company of others and the chance to share opinions, interests and good times. There's a good chance that your roommate will become one of your closest friends at CBU, and it's a great opportunity to get to know someone and learn from one another.

A roommate's first obligation is to be friendly and open, and try to form a healthy relationship with their roommate. Students should remember that everyone has their own likes and dislikes and it is important to respect these things. Try to keep your roommate in mind when making decisions such as opening the windows, inviting lots of friends to visit, or playing loud music. Respect for individual beliefs is also important. Discussion is great, but trying to change the opinions of others can often result in arguments. The most important thing is to always act with respect and tolerance.

We know that living with others doesn't always work out perfectly. What can students do when they have an issue with their roommate? Discussion and polite honesty is the best course of action. Speak with your roommate about the problem first, then if things do not improve, speak with an RA to help resolve the issue. Remember, by compromising a little, you may gain a lot.

FREQUENTLY ASKED QUESTIONS

WHEN CAN I MOVE IN?

CBU Residence typically opens at the beginning of September. Specific dates and times will be mailed to you with other orientation information. The date given is always the earliest date students are able to move in because residences are used for other purposes during the summer.

WHAT HAPPENS IF I ARRIVE LATE?

If you will be arriving late, please notify the Residence Office prior to your arrival. Students who do not arrive on the first day, and who have not contacted the Residence Office will be removed from the residence list. Students may not send luggage ahead of their arrival.

AM I ALLOWED TO STAY FOR HOLIDAY BREAKS OR EXTRA DAYS?

Requests for additional time outside the regular academic year will be evaluated on an individual basis and must be made to the Residence Manager. Payment for extra days can be arranged at that time.

IS THERE A STORAGE ROOM?

There is a small storage room with limited space available upon request. All goods being placed in storage must be boxed (within reason), in trunks, suitcases or boxes which clearly display the student's full name. There are also storage rooms available to those living in Cabot residence.

Goods are stored on the understanding that Cape Breton University shall not accept responsibility for goods left in storage. Articles left in storage for more than one calendar year will be disposed of without further notice.

WILL IT BE QUIET, SO I CAN STUDY?

Quiet hours are in place from Sunday to Thursday, inclusive. Social hours on these days begin at 8:00 pm and end at 11:00 pm sharp. On Friday and Saturday, social hours begin at 6:00 pm and end at 1:00 a.m. Before and during exam periods, a 21 hour a day quiet rule is in effect. The dates of the beginning and end of the exam quiet period will be posted. Social time will be 12:00 pm - 1:00 pm and 4:00 pm - 6:00 pm for this time, but students will not be permitted to have overnight guests. At all times, televisions and stereos are to be kept at a volume contained within the room. In addition, students are encouraged to use the library to study. The library is open seven days a week during the regular academic year.

WHO PICKS MY ROOM/ROOMMATE/APARTMENTS?

Returning students are given the first choice of room/apartment and roommate(s). Co-op students living in residence during the summer or fall semesters must make their room request for the next semester no later than one month before they leave. New students are assigned rooms according to their choice of roommate or, if a name is not provided, according to the other information provided in the application. The Housing Office will review requests for room changes after Oct. 1. Changes will be accommodated at the discretion of the Residence Manager.

WHO DO I CALL FOR MAINTENANCE ISSUES?

If you have a maintenance issue, please tell your RA or email

christine_harrietha@cbu.ca

A maintenance issue could be a number of things. For example, a smoke detector beeping, key not working, apartment fridge making a strange noise, clogged toilet (you should bring a plunger). Please note, students living in apartments are responsible for replacing the light bulbs in the apartment. If you live in a dorm room and your light is burnt out email christine_harrietha@cbu.ca

PERSONAL PROPERTY LIABILITY

IN WHAT WAYS AM I RESPONSIBLE FOR MY ROOM?

1. Upon arrival, students are provided a residence package, room/apartment checklist, key form and other information. The forms must be signed and the checklist must be completed by the student and the RA together before keys will be given to the student. The same form will be checked upon departure and damage unaccounted for will be billed to the student. Failure to sign in and out through the room condition inventory may result in billing for room damage and/or loss of damage deposit.

2. The general cleaning and tidiness of the room/apartment is the responsibility of the student. Students are responsible for removing refuse, scraps and garbage from their room and depositing it in the garbage cans. Garbage can be removed from each apartment and taken to the bins outside the building, or garbage can be placed outside of apartment doors Monday-Thursday for pick up. Please be respectful of the environment and recycle properly.
3. Using nails, tacks, hooks, or tape to hang pictures, posters or other materials will damage the walls and is not allowed. Poster putty/sticky tac can be used instead.
4. Under no circumstances are screens to be removed from windows. The removal of screens is considered a residence offense and fines will be given.
5. Under no circumstances are students allowed to duplicate or loan their keys to other people. Students are responsible for their own keys. Duplication of keys or keys given for frequent use by others will result in a fine and possible removal from residence.
6. Animals/pets are not allowed in residence.
7. Hunting knives and other sporting knives, firearms, ammunition, firecrackers, sparklers and other pyrotechnics and flammable products such as candles or incense are not permitted.
8. When students move out, a thorough room check will be done. Damage not reported on the room checklist and that is determined to be beyond normal wear and tear will be reported and billed to the student.

9. Damage and discipline infractions that occur in common areas (halls, lounges, washrooms, staircases, basements, or lobbies) are the responsibility of the occupants of the floor on which the damage occurs. If deemed necessary, the cost of the repair and/or a fine may be levied against involved students.
10. Throwing objects from windows will result in a fine and possible dismissal from residence.
