Hard work gets rewarded.

When we work together and invest in each other, great things happen. That’s why we provide more than $2.6 million in scholarships each year, supporting students from their first year through to graduation.

Along with scholarships, CBU also supports students through in-course bursaries and paid work-study programs. While scholarships are awarded to students who have excelled scholastically in high school and are entering post-secondary education for the first time, bursaries are for students who demonstrate financial need.

CBU is home to Unama'ki College, a dedicated Centre focused on preserving and sharing Mi'kmaw culture and knowledge with the entire community. With support for Indigenous students completing their university degrees, we encourage all students to participate and learn more about Mi'kmaw culture.
The Elders in Residence are respected Mi’kmaw Elders, who bring with them years of traditional knowledge and cultural teachings. They are happy to offer advice, share stories (in both Mi’kmaw & English) and foster a sense of pride among the Indigenous students at Cape Breton University.

MI’KMAQ RESOURCE CENTRE
This beautiful, comforting space is often used by students for reflection and provides a wealth of knowledge available to anyone who is interested in Mi’kmaw and Indigenous culture, history and language. The Mi’kmaq Resource Centre houses a large collection of papers, books and other materials on Mi’kmaw history.

BA ‘97, Dean, Unama’ki College, Cape Breton University

“When I attended CBU, which was UCCB at the time, I wasn’t sure what to expect. But there was a support system in place for Mi’kmaw students. The older students would help the younger students; there was support for course selection, paper-writing and you never felt alone.”
Something for everyone. Including you.

RECREATION

Studying is a big part of your CBU journey, but it isn’t the only part. Whether you’re looking for a fun activity or a way to contribute to your overall wellness, there’s something on campus for everyone.

We have a robust campus recreation program that includes competitive intramural sports, high-level club sports, various outdoor recreation opportunities and much more! At CBU, we recognize that spending time outdoors is beneficial to your physical health and mental well-being. Students take advantage of our nature paths and bike trails, skiing and snowshoeing as well as community green spaces.

BEd ’18, Substitute Teacher, Cape Breton
Victoria Regional Centre for Education

“The BEd program at CBU brought me closer to my own culture and enabled me to share my knowledge of Mi’kmaw culture with my classmates and professors. Because CBU is close to home, I was able to do my practicum in my own community, something that I am very grateful for.”

At CBU, we’re spoiled with excellent creative arts opportunities available to our campus community. There are always exciting performances at the Boardmore Theatre and our Art Gallery is a creative hub with a full schedule of thought-provoking exhibitions. If you consider yourself a history buff, the Beaton Institute is the official repository for our Island’s historical records and serves as a cultural heritage archive contributing to local, regional, national and global research.

LAND ACKNOWLEDGEMENT

Cape Breton University acknowledges it is located in Unama’ki, one of the seven districts of Mi’kma’ki, the ancestral and unceded territory of the Mi’kmaq people. This territory is covered by the “Treaties of Peace and Friendship” which Mi’kmaq, Wolastoqiyik, and Passamaquoddy People first signed with the British Crown in 1726. The treaties did not deal with the surrender of lands and resources but, in fact, recognized Mi’kmaq and Wolastoqiyik title and established the rules for what was to be an ongoing relationship between nations.
