

SEXUAL VIOLENCE PREVENTION & RESPONSE POLICY

Approved By:	University Executive	Subject:	Sexual Violence Prevention & Response
Date:	September 6, 2023	Effective Date:	September 6, 2023
Responsibility:	Director, Health and Counselling Services	Revision Date:	
		Supersedes:	Sexual Violence Policy

1. PURPOSE

- 1.1** Cape Breton University (CBU) does not tolerate Sexual Violence. CBU is committed to maintaining a positive and respectful learning, living and working environment that respects the rights of the CBU community members to remain free from Sexual Violence.
- 1.2** CBU recognizes that Sexual Violence is a serious problem in society and on university campuses. This societal problem is perpetuated by a culture in which prevalent attitudes, norms, social practices, and media, tolerate, normalize, justify, trivialize or excuse or outright condone Sexual Violence. These attitudes and social responses normalize sexual coercion and shift blame onto those who have experienced Sexual Violence.
- 1.3** CBU recognizes that intersectionality can impact the risks and experiences of Survivors/Victims, including experiences in disclosing Sexual Violence. Additional barriers exist for, with disproportionately adverse effects on, queer and transgender people, Indigenous people, Black people, and People of Colour. Sexual Violence is just one form of violence used in colonization to marginalize Indigenous people up to the present day, as evidenced by Canada's murdered and missing Indigenous women, girls, and Two Spirit people.
- 1.4** CBU affirms its commitment to fostering a culture on campus where attitudes and behaviours that perpetuate Sexual Violence are discouraged and rejected, Survivors/Victims are supported, and Disclosures and Reports of Sexual Violence are responded to seriously and in a manner that is non-discriminatory and procedurally fair.
- 1.5 The purpose of this Policy is to:**
- i. Prohibit all forms of Sexual Violence at CBU.
 - ii. Uphold and enforce an affirmative standard of consent.
 - iii. Establish and maintain a climate and culture at CBU in which all members of the CBU Community enjoy a safe and respectful learning, living and working environment.
 - iv. Establish a procedure to respond promptly and seriously to Disclosures and Reports of Sexual Violence in a manner that is trauma-informed, procedurally fair, and treats all persons involved with dignity and respect.

2. DEFINITIONS

2.1 Age of Consent:

The legal age of consent for sexual activity in Canada is 16, however:

- i. 16- and 17-year-olds cannot consent to sexual activity with someone with whom they have a “relationship of trust, authority, or dependency” or where there is “exploitation”. (For example: a teacher, a professor, a coach, or doctor.)
- ii. 14- or 15-year-olds can consent to sexual activity with someone who is less than 5 years older but it cannot be a “relationship of trust, authority, or dependency” or where there is “exploitation”.
- iii. 12- or 13-year-olds can consent to sexual activity with someone who is less than 2 years older but it cannot be a “relationship of trust, authority, or dependency” or where there is “exploitation.”
- iv. Individuals under 12: cannot legally consent to any sexual activity under any circumstance.
Changes to any law that affect the age of consent for sexual activity supersede this policy.

2.2 Anonymous Report: has the definition assigned to it in Section 15.3.

2.3 Consent to Sexual Activity: means the voluntary agreement to engage in sexual activity and to continue to engage in the sexual activity. Consent means that all persons involved demonstrate through words or actions, that they freely and mutually agree to participate in the sexual activity.

- i. Consent must be obtained at the outset and at all stages of sexual activity on an ongoing basis.
- ii. Consent can be withdrawn at any time.
- iii. Silence or the absence of “no” is not consent.
- iv. Consent cannot be assumed from passivity, immobility or an absence of resistance or perceived resistance.
- v. Someone who is Incapacitated cannot consent.
- vi. Past consent earlier on the day or night in question or on previous occasions does not imply contemporary, ongoing or future consent.
- vii. There is no consent where one person abuses a position of trust, power or authority over another person.
- viii. There is no consent where there is coercion, force, threat, or intimidation towards any person or where there is fraud or withholding of critical information that could affect a person’s decision to consent.
- ix. An individual cannot rely only on their subjectively held (mistaken) belief that the other person is communicating consent but must take active and ongoing reasonable steps to confirm that consent.
- x. An individual’s state of intoxication is not a defence to sexual contact without consent.

2.4 Disclosure: refers to a Survivor/Victim or a witness sharing information about an incident of Sexual Violence. Survivors/Victims and others are encouraged to Disclose to the Sexual Violence Prevention and Response Advocate who provides information on options following a Disclosure and triages the individual if they choose to access other supports under this policy. A Disclosure is different than a Report and does not automatically initiate a formal investigation by CBU.

2.5 Incapacitated: means a person who does not have the capacity to give consent because they are, for example, unconscious or asleep or their judgment is impaired (such as by alcohol and/or drugs), and as such cannot appreciate the risks or consequences of the sexual act. It is the responsibility of the person initiating or continuing sexual contact with a person who is intoxicated or impaired to establish affirmative consent at all times.

- 2.6 Immediate Measures:** are addressed in Section 8.
- 2.7 Member of the CBU Community:** includes, but is not limited to, students, staff, administrators, Teaching Staff, maintenance staff, independent contractors and their employees, members of the Board of Governors, adjunct, emeritus or visiting faculty and postdoctoral fellows.
- 2.8 Procedural Fairness:** means a process:
- i. That is based on impartiality and absence of bias.
 - ii. Where the Respondent is informed of the allegations.
 - iii. Where the Reporting Party is informed of the Respondent's response.
 - iv. Which includes a meaningful opportunity for each party to know the evidence against them and respond.
 - v. In which both parties are given sufficient notice of interviews or meetings where they are expected to present or respond to evidence gathered as part of the process.
 - vi. Leading to a written decision that includes a sufficiently detailed explanation of the facts and analysis to enable the parties and any reviewing body to understand the decision and the basis for the decision.
- 2.9 Report:** a formal Report ("Report") is the sharing of information for the purpose of initiating an investigation that could result in disciplinary and/or remedial measures against a Member of the CBU Community who is alleged to have engaged in Sexual Violence.
- 2.10 Reporting Party:** means a person who has initiated a formal Report under this Policy alleging that a Member of the CBU Community has committed Sexual Violence in breach of this Policy. The Reporting Party is also the Survivor/Victim. A witness/third party Disclosing Sexual Violence is not the Reporting Party. Witnesses/third parties are referred to in Section 15 of this Policy.
- 2.11 Respondent:** means a person who is alleged to have engaged in Sexual Violence in breach of this Policy.
- 2.12 Responsible Authority:** refers to the individual(s) designated under this Policy with the authority and responsibility to assess and impose Immediate Measures, receive Reports of Sexual Violence, appoint the Investigator, review the Investigator's Report, and determine and impose Disciplinary Measures or Remedial Measures. The Responsible Authority is:
- i. For students: Director of Student Affairs or designate
 - ii. For non-academic employees: Director of Human Resources or designate
 - iii. For Teaching Staff: Director of Human Resources or designate
 - iv. For independent contractors: Director of Human Resources or designate
 - v. For Vice Presidents and members of the Board of Governors: President or designate
 - vi. For President: Chair of the Board of Governors, or designate
- 2.13 Sexual Activity:** refers to physical sexual activity including but not limited to kissing, sexual touching, oral or anal sexual acts, intercourse or other forms of penetration.
- 2.14 Sexual Violence:** means any act targeting a person's sexuality, gender or gender expression, whether the act is physical or psychological in nature, that is committed, threatened or attempted against a person without that person's consent, and includes coercive control, Sexual Assault and Sexual Harassment as defined in this policy, the Criminal Code Offences of sexual assault,

indecent exposure, voyeurism and non-consensual distribution of sexual/intimate images. Sexual violence also includes stalking, cyber harassment, and cyber stalking of a sexual nature. Sexual violence can take place through any form or means of communication (e.g. online, social media, technology-facilitated or electronic, verbal, written, visual, “hazing”, or through a third party).

2.14.1 Sexual Assault: Any kind of sexual contact without consent. It can include kissing, sexual touching, oral or anal sexual acts, intercourse or other forms of penetration. Condom stealthing (the removal of a condom without the express consent of the sexual partner), is a form of non-consensual sexual contact and is sexual assault.

2.14.2 Sexual Harassment: means unwelcome or unwanted sexual conduct or comment(s) directed at an individual when that person responsible for the conduct or comment(s) reasonably knows or ought to know that the attention is unwanted or unwelcome, or inappropriate due to one’s power/authority/position. Sexual harassment includes but is not limited to jokes or remarks of a sexual nature (such as comments on a person’s appearance, body or clothing, questions about their sexuality or sexual history); leering, ogling or sexual gestures; sexual attention (such as persistent invitations for dates); reprisal for rejecting a sexual advance; and a single sexual solicitation or advance or a series of sexual solicitations made by a person who is in a position to confer or deny a benefit on the recipient and who knows or reasonably ought to know the solicitation is unwelcome. Sexual harassment may also consist of unwelcome remarks based on gender or gender related religious beliefs which are not of a sexual nature but which are demeaning, such as derogatory gender-based jokes or comments.

2.15 Survivor/Victim: An individual who has experienced Sexual Violence, has Disclosed an experience of Sexual Violence, or identifies as a Survivor/Victim. There is a lot of debate about the terms “victim” and “survivor.” It is up to the individual to choose how they want to be referred to. The term “Reporting Party” is used when a person discloses that they have experienced Sexual Violence and has initiated a formal Report under this Policy.

2.16 Teaching Staff: means every person delivering any component of an academic program, including but not limited to: individuals delivering undergraduate, post-baccalaureate and graduate courses and supervising graduate or undergraduate students, lab instructors, faculty, nurse educators, skills instructors, sessional instructors, Writing Centre staff, Math and Science Centre staff, success coaches, Jennifer Keeping Centre staff, student employees, program teaching staff and individuals delivering CBU library services .

2.17 Third-Party Report: has the definition assigned to it in Section 15.2.

2.18 Trauma-Informed: A Trauma-Informed Approach is a strengths-based framework grounded in an understanding of and responsiveness to the impact of trauma. It emphasises physical, psychological, and emotional safety for everyone, and creates opportunities for survivors to rebuild a sense of control and empowerment.

2.19 Unionized Employee: Includes all employees of CBU who are subject to a collective agreement between CBU and a union.

3. POLICY

- 3.1** CBU does not tolerate any form of Sexual Violence.
- 3.2** CBU does not tolerate any form of retaliation by Respondents or others directed at persons who have made a Disclosure or formal Report, or a Third Party Report, under this Policy, nor at persons who have been named as Respondents in such Reports. Such retaliation is considered to be a serious offence and may constitute grounds for disciplinary action under other CBU policies, such as the Student Code of Conduct or the Respectful Campus Policy (or any similar/successor policies), the employment contract and/or any disciplinary process for non-unionized employees, and/or the terms of the employee collective agreement, as applicable.
- 3.3** CBU is committed to providing supports to Survivors/Victims based on their personal experiences, whether or not the Survivor/Victim chooses to make a formal Report through the CBU internal reporting process or any external reporting process (such as reporting to police).
- 3.4** CBU recognizes that a barrier to reporting Sexual Violence is the risk to Survivors/Victims of being subjected to a re-traumatizing reporting process. This Policy aims to protect the safety and respect the choices of Survivors/Victims.
- 3.5** CBU acknowledges that Sexual Violence is inherently connected to inequality and power imbalances on campus and in our society; and that Sexual Violence and its harmful consequences are legacies of colonization and disproportionately impact members of social groups who experience the intersecting grounds of discrimination or marginalization, such as on the basis of sex, gender, gender identity or expression, sexual orientation, Indigeneity, race, age, religious beliefs, ability and class. CBU will strive to implement this policy with an intersectional understanding of Survivors/Victims, and all those impacted by Sexual Violence, and through the lens of decolonization.
- 3.6** CBU recognizes that Sexual Violence is under-reported for a variety of reasons, including:
- lack of policy enforcement,
 - lack of policy visibility or accessibility,
 - lack of diverse representation and options,
 - lack of visibility of services and/or support staff,
 - lack of online anonymous report option,
 - lack of annual sexual violence climate surveys,
 - shame, stigmatization, self-blame, and fear of reprisals,
 - isolation, ostracism being dismissed or disbelieved, or
 - fear of experiencing racism or other forms of discrimination in the disclosing or reporting process.
- 3.7** CBU is committed to reducing the barriers to Disclosure and Reporting of Sexual Violence at CBU to the extent possible. This includes educational resources to address issues specific to international students and employees, accessibility supports for students and employees with disabilities, and a commitment to ensuring that Survivors/Victims are not judged or blamed for experiencing Sexual Violence, for example because they were intoxicated, or how they were dressed.
- 3.8** CBU recognizes that specialized knowledge and training is required to investigate and determine allegations of Sexual Violence and, further, that investigations by qualified

investigators are an effective and fair method for gathering information, testing the evidence and credibility of parties and witnesses, and determining whether a breach of this Policy occurred.

- 3.9** CBU acknowledges that its obligation to maintain a non-discriminatory university environment under the Nova Scotia Human Rights Act includes an obligation to establish a procedurally fair and non-discriminatory process for responding to reports of Sexual Violence.
- 3.10** In accordance with the above commitments, formal Reports of Sexual Violence under this Policy will be investigated by a qualified and trauma-informed investigator, in which the person who has reported experiencing Sexual Violence (the Reporting Party) and Respondent are parties to the investigation process. The Reporting Party and Respondent are accordingly both entitled to copies of the Investigation Report, to copies of the decisions made by the Responsible Authority, including relating to discipline and remedial measures (subject to Section 12.55), and to seek Review of any decisions made by the Responsible Authority, pursuant to the terms of this Policy.
- 3.11** This Policy applies to all Disclosures and Reports of Sexual Violence involving employees of CBU. If there is any inconsistency between this Policy and other CBU workplace policies, including the Respectful Campus Policy, this Policy governs.
- 3.12** Similarly, this Policy's terms on prohibiting Sexual Relations between University employees and students, governs in the event of any conflict between it and any other relevant policy.
- 3.13** Where there is any conflict between this Policy and the terms of a collective agreement, the collective agreement governs.
- 3.14** In the event that a Report under this Policy engages issues under other policies, such as intersecting issues of discrimination, the Report will be investigated under this Policy, with the Investigator's terms of reference including consideration of all other relevant and appropriate intersecting issues and policies.
- 3.15** A person who has experienced Sexual Violence can access other legal processes at any time, including criminal (reporting to the police), civil, professional regulatory or human rights processes.
- 3.16** CBU recognizes the importance of Sexual Violence prevention and education as well as ongoing training on this Policy at CBU to all Members of the CBU Community, in order to achieve the purposes and goals of this Policy.

4. SCOPE

- 4.1** This Policy applies to all Members of the CBU Community, including but not limited to students, staff, administrators, faculty, maintenance staff, independent contractors and their employee(s) working on CBU property, librarians, members of the Board of Governors, adjunct, emeritus or visiting faculty and postdoctoral fellows.
- 4.2** This Policy applies to Disclosures and formal Reports of Sexual Violence whether the incident(s) occurred on or off campus or through social media, or technology-facilitated or electronic means.

- 4.3 Any Member of the CBU Community who has experienced Sexual Violence may seek accommodations and supports under this Policy. A formal Report is not necessary to access support, accommodation or Immediate Measures.
- 4.4 A formal Report of Sexual Violence may be investigated in circumstances where the Respondent is a current Member of the CBU Community. Where a formal Report is made against a person who is not currently a Member of the CBU Community, CBU may suspend the investigation. CBU will maintain a record of the Report.
- 4.5 CBU is not required to engage the investigation procedure under this Policy if the Respondent is not a Member of the CBU Community, but may take other steps in response to a Disclosure or Report, for example by prohibiting guests or contractors or others who may provide services to CBU or its members, from entering on CBU property or by referring the matter to the Cape Breton Regional Police Service, the RCMP or other law enforcement (considering the wishes of the Survivor/Victim and any legal obligations of CBU).

5. SEXUAL VIOLENCE PREVENTION AND RESPONSE ADVOCATE

- 5.1 The Sexual Violence Prevention and Response Advocate will ensure that the needs of Members of the CBU Community who have experienced Sexual Violence are met. Amnesty for Drug/Alcohol Misconduct by Survivors/Victims

- 7.4 CBU recognizes that some individuals may be reluctant to come forward to Disclose or Report Sexual Violence if they were drinking or using drugs at the time the Sexual Violence took place, particularly if to do so violated an employment, student, or athletic code of conduct. Survivors/Victims are encouraged to disclose directly to the Sexual Violence Prevention and Response Advocate, they may give permission to the trusted person to provide information to the Sexual Violence Prevention and Response Advocate. The trusted person may also have an obligation to share information from the Disclosure, pursuant to under Section 9.4 or 9.6 of this policy.

- 8.3 Where the person who has Disclosed or the Reporting Party requests Immediate Measures following a Disclosure, they will be asked to consent to the release of their name and the general nature of the allegations to the Respondent. The imposition of Immediate Measures may be limited without this consent, for the process to be procedurally fair.

- (iii) Where the Respondent is a non-unionized employee, that employee may raise their concern in writing with the Vice President, Finance and Operations within ten (10) calendar days of the Immediate Measures being imposed.

8.18 The Respondent may be supported by a trusted person in challenging the Immediate Measures. Employee Respondents may wish to seek support from the Employee Family Assistance Program (EFAP) in such circumstances. Information about the EFAP can be obtained from human resources.

8.19 The Immediate Measures will remain in place pending the outcome of the challenge.

Student Respondents

- 8.20** If the Immediate Measure is a suspension or campus ban and the Respondent is a student, any formal investigation will be undertaken on an expedited basis.
- 8.21** Student Respondents may require academic accommodations arising from Immediate Measures (such as in the case of a campus ban) which will be offered through the Director of Student Affairs.
- 8.22** Immediate Measures imposed on a student Respondent may be imposed for an initial term of three (3) months where a Disclosure is made, but no formal Report has been made, and no investigation initiated, subject to Section 9. Immediate Measures will be re-evaluated by the Responsible Authority prior to the conclusion of the initial three (3)-month term. The Responsible Authority may continue the Immediate Measures for an additional three (3) if they continue to meet the Test for Imposing Immediate Measures.
- 8.23** Immediate Measures imposed on a student Respondent may remain in place longer than six (6) months where a Disclosure is made, but no formal Report has been made, and no investigation initiated if:
- i. The Immediate Measures meet the needs of the person who has Disclosed and that person consents;
 - ii. The Respondent consents to the continuation of the Immediate Measures; and
 - iii. The Immediate Measures continue to meet the Test for Imposing Immediate Measures.

9. CONFIDENTIALITY

Disclosures are Confidential

- 9.1** Ensuring confidentiality is a key principle in creating an environment and culture in which Survivors/Victims feel safe to Disclose and seek support and accommodation. CBU is committed to ensuring that such an environment and culture exists at the university.
- 9.2** For people who receive Disclosures, they can seek counsel from the Sexual Violence Prevention and Response Advocate without disclosing identifying information.

Limits on Confidentiality

- 9.3** In order to access various employment, residence or academic accommodations, it may be necessary for the Survivor/Victim to provide consent to share some information with persons responsible for those accommodations, for example in order to ensure no contact with the Respondent.
- 9.4** CBU cannot guarantee absolute confidentiality in all cases of a Disclosure. CBU may be required to disclose information and/or undertake its own investigation where:
- i. There are reasonable grounds to believe there is a serious risk of harm to self or others
 - ii. There is objective evidence of Sexual Violence, such as evidence of Sexual Violence in the public realm (e.g. a video posted on social media) or otherwise recorded or documented and available to CBU
 - iii. There is a risk to the safety of the university and/or broader community
 - iv. Records are subpoenaed
 - v. Reporting or other action is required or authorized by law. For example, Nova Scotia's *Children and Family Services Act* Duty to Report, Section 23 (1) which requires "Every person who has information, whether or not it is confidential or privileged, indicating that a

child is in need of protective services shall forthwith report that information to an agency.” The *Children and Family Services Act* defines a child in Section 3 (1)(e) as “a person under nineteen years of age.”

- 9.5 Examples of cases where CBU may have a duty to undertake its own investigation or take other steps without the consent of the Survivor/Victim include cases where there are multiple Disclosing or Reporting Parties or Respondents, multiple Disclosures have been made against the same person, or the Sexual Violence is in the public realm (e.g. a video-recorded act against an intoxicated person). In such cases, CBU will provide notice and support to the Survivor/Victim where the Survivor/Victim is known, and the Survivor/Victim has the right to decide whether to participate in any investigation.
- 9.6 The Risk Assessment Team will determine whether CBU will initiate an investigation absent a Report.
- 9.7 If a Disclosure is made to an employee of CBU and involves an employee(s) of CBU as the Respondent, the CBU employee who received the disclosure is required to inform the Sexual Violence Prevention and Response Advocate for follow-up and potential investigation under the applicable process.
- 9.8 If a Disclosure is made to a CBU health professional, as defined by the Personal Health Information Act of Nova Scotia, that Act only permits release of information without an individual’s consent in narrow circumstances, such as where the health professional believes the Disclosure will avert or minimize an imminent and significant danger to the health or safety of any person.

Confidentiality to Maintain the Integrity of an Investigation

- 9.9 Following a Report, information about the investigation and Report will only be shared as is necessary for the purposes of the investigation or required by law.
- 9.10 CBU recognizes that requiring persons who have Disclosed or Reported Sexual Violence not to talk about the experience because of an ongoing reporting process is a barrier both to reporting and to healing. CBU further recognizes that a Respondent may need to share some information in order to facilitate their response and identify witnesses; a Reporting Party may need to share some information in order to identify witnesses and assist the investigation; and both parties may need to confidentially rely on their respective circles of support, such as close friends, family, therapists or legal counsel.
- 9.11 Having regard to the above, CBU encourages Reporting Parties and Respondents to ensure that any communications about an incident(s) of Sexual Violence during a reporting process do not taint or undermine the integrity or fairness of the process. If communications adversely impact the integrity of the investigation, the outcome of the process may be negatively impacted.

Statements Compellable in Other Proceedings

- 9.12 Information or statements provided by a Survivor/Victim, Reporting Party, Respondent or witness to CBU following a Disclosure or Report may be subpoenaed as part of any related civil or criminal proceeding.

10. PUBLIC STATEMENTS

Statements by Survivor/Victims and Others

- 10.1 Survivors/Victims and those impacted by sexual violence are free to tell the story of their own experiences. During an ongoing investigation, however, confidentiality should be maintained, as set out in Section 9.10 above.
- 10.2 Survivors/Victims and others should be aware that if they choose to make public statements about their experiences, they may be putting themselves at risk of civil lawsuits by those who believe they have been defamed or had their privacy rights violated. Individuals should exercise care and judgment when deciding whether to make public statements, or what information to include in such public statements, and should seek legal or other advice if unsure. Individuals who Disclose to the Sexual Violence Prevention and Response Advocate will be informed of this risk.

Statements by CBU

- 10.3 The Responsible Authority shall determine whether a public bulletin or statement should be issued by CBU arising from a Disclosure or Report of Sexual Violence.
- 10.4 Decisions about whether to issue a public statement about a Disclosure or Report will be made consistent with the principles and commitments in this Policy, including the University's commitment to: equity; trauma-informed approaches; respecting the needs and agency of persons who Disclose Sexual Violence; encouraging Disclosures and Reports of Sexual Violence; working toward creating a campus free from sexual violence; and establishing community trust and confidence in CBU that Sexual Violence is not tolerated.
- 10.5 Public statements by CBU will not disclose the personal information of the Respondent or the person who Disclosed or was impacted by sexual violence without the consent of that person.
- 10.6 CBU reserves the right to correct misleading or inaccurate public information.
- 10.7 Public statements by CBU will comply with applicable privacy legislation and the terms of any collective agreement.
- 10.8 All statements regarding Sexual Violence will be officially approved by the President or designate prior to release on behalf of the University.

11. ALTERNATIVE RESOLUTION

- 11.1 In appropriate circumstances, a Survivor/Victim may wish to resolve the matter without a formal Report, or prior to the conclusion of the formal Report process. A Respondent may also seek to initiate an alternative resolution process.
- 11.2 CBU recognizes the value of Indigenous healing practices. In appropriate circumstances, Indigenous Survivors/Victims may wish to resolve the matter without a formal Report, or prior to the conclusion of the formal Report process, and seek alternative resolution through an Indigenous resolution process. An Indigenous Respondent may also seek to initiate an alternative resolution through an Indigenous resolution process. Each situation will be different and will require consultation through Unama'ki College on the appropriate resources available for the process either internally or externally.

- 11.3** Alternative resolution will only be explored with the express and informed consent of the Survivor/Victim, Respondent and CBU.
- 11.4** Parties that engage in alternative resolution, do so on a ‘without prejudice’ basis. In other words, either the Survivor/Victim or Respondent may withdraw from the process at any time and any information or admissions shared in the process cannot be used against either party in a formal Report or investigation under this Policy or in any other proceeding at CBU.
- 11.5** The goals of the process are acceptance of responsibility, mutual understanding, safety and education/remediation.
- 11.6** An alternative process does not require any face to face/in-person interaction between the Reporting Party and the Respondent.
- 11.7** The outcomes of a facilitated alternative resolution process may include a voluntary apology letter from the Respondent, a written agreement that includes behavioural expectations, and/or education or training, such as related to anti-violence, anti-oppression or consent, or a voluntary agreement by the Respondent to other measures.
- 11.8** Alternative resolution processes must be facilitated by a person with training appropriate to the seriousness and nature of the allegations and the context of the parties, and with training or experience in gender-based violence, trauma-informed practice, and mediation or counselling.
- 11.9** Alternative resolution is presumptively inappropriate where previous Reports have been made about the Respondent or where CBU has received multiple Disclosures about the Respondent.
- 11.10** A record of the alternative resolution shall be maintained by CBU in the student file for a period of four years or for as long as the students are part of the CBU community, whichever is longer, and in the employee files of CBU employees in accordance with the terms of any collective agreement or applicable employee policies or guidelines.

12. FORMAL REPORTS

- 12.1** A formal Report (“Report”) is the sharing of information by the person who is reporting Sexual Violence, (“the Reporting Party”) for the purpose of initiating an investigation that could result in disciplinary action or remedial measures being imposed on the Respondent Member of the CBU Community.
- 12.2** CBU process in response to a Report is guided by the following:
- i. Trauma-informed practice
 - ii. Avoidance of discriminatory assumptions and stereotypes about persons who experience and/or report Sexual Violence
 - iii. Non-adversarial approaches to permitting the parties to ask questions and test the evidence
 - iv. Supports for the Reporting Party and the Respondent
 - v. The rights of both the Reporting Party and Respondent as parties
 - vi. Procedural Fairness
 - vii. Timeliness, and
 - viii. Maintaining confidentiality to the extent possible.

Initiation of Report

- 12.3** All Reports of Sexual Violence should be submitted through the Sexual Violence Prevention and Response Advocate. The Sexual Violence Prevention and Response Advocate will then forward it to the Responsible Authority. Where a formal Report is made to another office, the relevant office shall forward the Report to the Sexual Violence Prevention and Response Advocate.
- 12.4** A Report may be initiated in a variety of ways, depending on the needs and circumstances of the Reporting Party. It may be initiated by:
- i. A brief written or oral Report that contains the name of the Respondent, the date(s) and general nature of the allegations, and a request that the details of the Report be taken by the Sexual Violence Prevention and Response Advocate, so as to avoid the Reporting Party having to tell their story on multiple occasions
 - ii. An oral Report to the Sexual Violence Prevention and Response Advocate, which is summarized by the Sexual Violence Prevention and Response Advocate and signed and approved by the Reporting Party
 - iii. A written statement by the Reporting Party providing details of the incident(s).

No Deadline for Making a Formal Report

- 12.5** There is no deadline for making a Report under this Policy. CBU recognizes that Survivors/Victims may require time to Disclose and/or Report. Survivors/Victims are encouraged to report as soon as they have made the decision and are able to do so, so as to minimize any loss of evidence due to the passage of time.
- 12.6** If the Respondent is no longer a Member of the CBU Community, CBU is not required to investigate under this Policy.
- 12.7** The Reporting Party and Respondent shall be provided with notifications and updates on the progress of the Report, Investigation or Review.

Preliminary Screening by Responsible Authority

- 12.8** On receipt of the Report, the Sexual Violence Prevention and Response Advocate will consult with the Responsible Authority and the Responsible Authority shall determine, following consultation with the Risk Assessment Team, whether:
- i. The reported conduct falls within the scope of this Policy
 - ii. The Respondent is a Member of the CBU Community, and
 - iii. In accordance with Section 8, Immediate Measures should be considered (if they have not already been imposed) and, if so, follow the appropriate process for imposing Immediate Measures.

Appointment of Investigator

- 12.9** If the Responsible Authority determines that the Report falls within the scope of the Policy, the Responsible Authority, in consultation with the Risk Assessment Team, will appoint a qualified internal or external Investigator, preferably with training and/or experience in trauma informed practice and Sexual Violence investigations and procedures.

The Investigator's Mandate

- 12.10** The role of the Investigator is to make findings of fact and determine whether the Respondent engaged in Sexual Violence in breach of this Policy (and any related Policy that may be included in the scope of the investigation).

Procedure for Investigating Formal Reports Where the Respondent is a CBU Employee

12.11 Where the Respondent to a Report is a CBU Unionized Employee, the procedure for investigating the Report shall follow the applicable collective agreement in addition to Sections 12.1 – 12.11 in this Policy. Where the Respondent is a non-unionized employee, the Reporting Party shall be promptly informed following submission of the Report, of the procedure that will be undertaken by CBU to respond to the Report in addition to Sections 12.1 – 12.11 in this Policy.

12.12 The Reporting Party shall be provided with a copy of the Investigator's Report related to their Report, including any findings of breach of this Policy or of any other CBU policy. The Report provided to the Reporting Party shall be redacted of identifying information of any person other than the Reporting Party. In cases where there are multiple Reports, each Reporting Party will only receive the portion of the Investigator's Report that relates to their allegation.

12.13 In a circumstance in which an Investigator's Report has not been prepared (for example, the employee quit or was terminated without the necessity of a full investigation), the Reporting Party shall be advised that no Investigator's Report was prepared.

Procedure for Investigating Formal Reports where the Respondent is a Student**Written Notice to Student Respondent**

12.14 Within five (5) business days of receiving the Report, the Responsible Authority shall provide written notice to the Respondent which includes:

- i. A summary of the allegations and that an investigation will be initiated
- ii. Information about the investigation process
- iii. A copy of this Policy
- iv. A direction that any direct or indirect reprisal against the Reporting Party constitutes a disciplinable breach of this Policy
- v. A request to keep the Report confidential in order to maintain the integrity of the process, and
- vi. Contact information for the Human Rights & Diversity Officer

Notice to Reporting Party

12.15 The Reporting Party and the Sexual Violence Prevention and Response Advocate shall receive a copy of the notice sent to the Respondent.

12.16 The Reporting Party may elect or request to receive all communications from CBU and/or the Investigator, through the Sexual Violence Prevention and Response Advocate rather than directly.

Investigator May Summarily Dismiss Report

12.17 The Investigator may dismiss the allegations summarily, if the Investigator finds that the Report is frivolous, vexatious or made in bad faith. There is no appeal of this decision.

12.18 In cases where the Investigator dismisses the Report summarily, the Investigator's Report shall provide the factual basis and reasons for the summary dismissal.

Role of Support Persons for Reporting Party and Student Respondents

12.19 In addition to any support offered by the Sexual Violence Prevention and Response Advocate (for the Reporting Party) and the Human Rights & Diversity Officer (for Respondents),

Reporting Parties and Respondents may be supported by a trusted person, including legal counsel, in the investigation.

12.20 Support persons may not speak for the party. Evidence about what happened, whether in written or oral form, must be provided by the party directly. Letters or written submissions on behalf of a party will not be received as evidence in the investigation.

12.21 The role of legal counsel or a support person may include:

- i. Emotional support for the Reporting Party or Respondent
- ii. Supporting the Reporting Party or Respondent in preparing to tell their evidence to the Investigator
- iii. Assisting the Reporting Party or Respondent in interview(s) with the Investigator, as permitted by the Investigator, for example by asking questions where the Reporting Party or Respondent forgets key information due to the stress of the process
- iv. Observing the investigation interview(s), including with a view to issues of procedural fairness
- v. Asking questions of the Investigator relating to timing and next steps in the process, however, the Investigator may refuse to permit such process-type questions from a support person who unduly interrupts or is otherwise disruptive to the investigation.

Investigator Determines Investigation

12.22 The Investigator shall independently develop the approach to the investigation, guided by best practices, which will include interviewing the parties and any witnesses as determined by the Investigator.

12.23 The Investigator may require production of relevant documents from the parties or witnesses, such as texts, emails, or other social media or recorded evidence.

12.24 The Investigator shall communicate with the Reporting Party, Respondent and witnesses, to schedule interviews and receive documents, if any.

12.25 Interviews with the Investigator may be held off campus if the Investigator determines it is necessary to maintain the confidentiality and integrity of the investigation after considering the views of the parties.

12.26 Where a Reporting Party has submitted a written statement, the Investigator may require the Respondent to prepare a written response, prior to conducting interviews.

12.27 The Investigator may conduct multiple interviews with each party and witnesses.

Each Party has the Right to Know and Respond to Evidence

12.28 Each party has the right to know and respond to the evidence. The Respondent shall be provided with the Reporting Party's written Report, statement obtained in the interview, or summary of the interview, and an opportunity to respond. The Reporting Party shall be provided with the Respondent's written response, statement obtained in the interview, or summary of the interview, and an opportunity to respond. The Investigator will provide both parties with a reasonable opportunity to respond to any new information obtained during the Investigation, including statements of witnesses and documentary evidence.

12.29 If the parties have copies of texts, emails, social media, video recordings or campus security or

residence incident reports or other similar documents related to the allegations, these should be produced to the Investigator.

12.30 If a party does not produce relevant documents prior to the interviews as described above, the Investigator may refuse to accept the evidence or may draw an adverse inference against the party in question.

Opportunity to Pose Questions

12.31 The Investigation is a non-adversarial fact-finding process. In addition to the opportunity to know and respond to the evidence, each party will have the opportunity to pose questions to the Investigator, that the Investigator may consider asking of the other party or witness. The Investigator will determine whether those questions are relevant, appropriate and/or will assist in the investigation.

Process May be Iterative

12.32 The Investigator may request follow-up meetings with and/or additional written responses from either or both of the Reporting Party and Respondent.

Reporting Party May Withdraw from the Process

12.33 The Reporting Party may withdraw from the formal Report process at any time. If a Reporting Party withdraws their participation in the formal Report process, CBU may continue with the Investigation or suspend, close or end the Investigation, depending on factors which include the health and safety of the Reporting Party, the nature of the allegations, and whether there is sufficient information available to the Investigator to proceed with the Investigation.

Respondent's Failure to Participate

12.34 If a Respondent refuses to participate in an Investigation, the Investigator may determine the findings on the basis of the information provided by the Reporting Party.

12.35 Where an Investigator draws an adverse inference arising from a Respondent's failure to participate, the Investigator must make the impact of the adverse inference clear in the reasons contained in the Investigator's Report.

Investigation Timeline

12.36 The Investigation should be completed in as timely a way as possible, with the goal of completing the Investigation within 30 days following the appointment of an Investigator. CBU recognizes, however, that numerous factors may impact the progress of an Investigation, including the health of the participants.

12.37 If the Investigation is not complete 30 days following the appointment of the Investigator, the Investigator shall update the Sexual Violence Prevention and Response Advocate and the parties on the progress of the Investigation on the 30th day following the appointment, and every two weeks thereafter.

Investigator's Report

12.38 At the completion of the Investigation, the Investigator shall prepare a report that contains:

- i. A description of the evidence of all witnesses and any other relevant evidence
- ii. Findings of fact
- iii. Explanation of findings of credibility, if applicable
- iv. A determination as to whether, on a balance of probabilities, any act of Sexual Violence

- prohibited by this Policy occurred, and
- v. The reasons for the findings of fact and any finding of breach of this Policy (and any related policy).

12.39 The Investigator’s report constitutes the findings and the reasons for the finding, on which any Review of the findings will be conducted. The Report accordingly must provide a sufficiently detailed explanation of the facts and analysis to enable the parties and any reviewing body to understand the decision and the basis for the decision.

12.40 A copy of the Investigator’s Report shall be provided to the Responsible Authority, the Reporting Party, and the Respondent, and to the Sexual Violence Prevention and Response Advocate. Copies of the Report provided to the parties shall be redacted of identifying information of any person other than the person receiving the Report.

12.41 In cases where there are multiple Reports, each Reporting Party will only receive the portion of the Investigator’s Report that relates to their allegation(s).

12.42 The Responsible Authority may seek further information or clarification from the Investigator before accepting the Investigator’s Report.

12.43 Any additional information or clarifications relevant to the Investigation provided to the Responsible Authority by the Investigator, or any additional findings, shall be communicated to the parties in writing by the Investigator and, where appropriate, the parties shall be given an opportunity to respond.

Decision by Responsible Authority: Disciplinary Measures and Remedial Measures

12.44 Prior to issuing a decision, the Responsible Authority may request a Review of the Investigator’s Report by the Sexual Violence Review Panel (SVRP), see Section 13.5, on the following grounds:

- i. There was a serious procedural error that caused prejudice to one of the parties;
- ii. The Investigator’s findings of fact are clearly unsupportable on the evidence; or
- iii. The Investigator’s decision as to whether a breach of the Policy occurred is clearly unsupportable on the basis of the findings of facts in the Investigator’s Report.

12.45 The Responsible Authority will request a written Review in accordance with Section 13.7 (i) to (iv). This request will suspend the timelines in Section 12.49.

12.46 The parties and the Responsible Authority may make written submissions to the SVRP on the grounds of review.

12.47 If the SVRP determines that any of the grounds of review set out in Section 12.43 are proven, the SVRP may make a decision in accordance with Section 13.12 (i) to (iv).

12.48 Sections 13.8, 13.14 and 13.15 apply to a request for review by the Responsible Authority.

12.49 Within seven days of receipt of the Investigator’s Report, the parties may make written submissions to the Responsible Authority with respect to appropriate discipline and/or remedies, if a breach of this Policy was found to have occurred. A Reporting Party may include in the submission the impact of the Sexual Violence on the Reporting Party.

12.50 Upon receiving the Investigator’s Report, and the written submissions of the parties, the Responsible Authority will review the Report and determine the appropriate disciplinary measures and/or remedial measures.

12.51 In making this determination, the Responsible Authority may confidentially consult with other persons as necessary and will consult with the Risk Assessment Team.

12.52 The Responsible Authority has the exclusive jurisdiction to impose discipline and remedial measures.

12.53 In determining disciplinary or remedial measures, the Responsible Authority may consider:

- i. The sanction or remedy sought by the Reporting Party
- ii. The principle of progressive discipline
- iii. The University’s role as an educational institution
- iv. The nature and severity of the incident
- v. The impact of the conduct on the Reporting Party’s continued education or employment at CBU
- vi. The impact of the conduct on the CBU community
- vii. The University’s commitment to zero tolerance of Sexual Violence
- viii. The University’s commitment to reducing the barriers to reporting

12.54 Within two (2) days of receipt of submissions from the parties, the Responsible Authority shall issue a written decision setting out the disciplinary measures and/or remedial measures ordered by CBU. The decision will include the reasons for the measures imposed and the information relied on in making that decision.

12.55 A copy of the decision on disciplinary measures and remedial measures shall be provided to the Respondent. A copy of the decision on remedial measures, and disciplinary measures that have a direct impact on them (such as a no contact order or remedial measures contained in a behavioural contract), may also be provided to the Reporting Party. Confidential information may be redacted from the copy of the decision provided to the Reporting Party. The Reporting Party shall keep the decision confidential, except to the extent that it is necessary to share information to enforce the measures.

Available Disciplinary Measures and Remedial Measures for Students and Employees

12.56 Disciplinary measures for a finding of a breach of the Policy may include, but are not limited to the following:

- i. For Students:
 - Written warning or reprimand
 - Probation
 - Behavioural contract, the breach of which will result in discipline, including:
 - no contact/no communication directives;
 - restricting access to all or parts of the CBU campus;
 - Suspension or denial of University privileges, including suspension or removal of a student from a sports team
 - Restrictions on accessing all or parts of the CBU campus
 - Suspension or Expulsion
- ii. For Employees:
 - Written warning/reprimand
 - Suspension with or without pay

- Termination from employment

12.57 Remedial measures include:

- i. For Students:
 - Voluntary Written Apology

 - Residence Suspension
 - Restrictions on accessing all or parts of the CBU campus
 - Removal from a course or section of a course
- ii. For Employees:
 - Employment relocation or reassignment
 - Restrictions on accessing all or parts of the CBU campus
 - Supervision or oversight of teaching/learning/work environment by CBU

Student Respondents Not Permitted to Withdraw from CBU During an Investigation

12.58 A Respondent student will not be permitted to formally withdraw from CBU during an ongoing investigation and discipline process under this Policy. If a student is found to have breached the policy, the disciplinary measure may be noted on the student’s transcript in accordance with the Academic Calendar.

Student Respondents not Provided Academic Transcripts Directly During an Investigation

12.59 While under Investigation for a breach of this Policy, a student Respondent will not be issued academic transcripts directly, but, at the student’s request, these transcripts will be sent to institutions or potential employers. If the student is subsequently disciplined and this is reflected on the student’s transcript, the recipients of the transcript will be issued a revised transcript.

13. REVIEW OF THE INVESTIGATOR’S FINDINGS AND THE RESPONSIBLE AUTHORITY’S DECISION ON DISCIPLINARY MEASURES OR REMEDIAL MEASURES INVOLVING A STUDENT RESPONDENT

13.1 The process for Review of the Investigator’s findings and/or the disciplinary measures/remedial measures in cases involving a student Respondent is as follows. Following the decision of the Responsible Authority, either a Reporting Party or Respondent may seek to Review the investigator’s findings and/or decision of the Responsible Authority in accordance with this Policy. A Review is initiated by a request in writing to the Responsible Authority.

13.2 Review under this Policy is not a hearing or re-hearing of the evidence and is limited to the grounds of review below. In most cases, the Review will be heard in writing only.

13.3 Any disciplinary measures or remedial measures ordered by the Responsible Authority will remain in force until the Review is decided.

13.4 A Reporting Party or Respondent may request a Review of the investigator’s finding of breach of this Policy or the disciplinary measures or remedial measures ordered by the Responsible Authority, on the following grounds:

- i. There was a serious procedural error that caused prejudice to the party seeking the appeal
- ii. The Investigator’s decision as to whether a breach of the Policy occurred is clearly unsupportable on the basis of the findings of fact contained in the Investigation Report
- iii. New facts relevant to the final determination are available, that were not available during

- the investigation, or
 - iv. The disciplinary measures or remedial measures are unreasonable.
- 13.5** The Review will be carried out by the Sexual Violence Review Panel (SVRP), which shall be comprised of three persons appointed by the President as follows:
- i. An external lawyer who has experience in administrative law, procedural fairness, gender-based violence and sexual harassment and sexual assault law, and
 - ii. Two members of the SVRP roster established by the President, who have training or experience in this Policy, procedural fairness, gender-based violence and the law of sexual assault and sexual harassment.
- 13.6** Requests for Review must be made in writing and submitted to the Responsible Authority within 10 business days of the decision of the Responsible Authority.
- 13.7** The written request for Review must provide:
- i. A statement for the grounds for Review
 - ii. A statement of facts relevant to the grounds of Review
 - iii. A statement of the remedy or relief sought
 - iv. Copies of relevant documents that support the Review, and
 - v. In the event of fresh evidence that was not available at the time of the investigation, copies of that evidence or witness statements.
- 13.8** The SVRP may summarily dismiss a Request for Review that it determines does not raise a valid ground of review.
- 13.9** If new evidence is provided to the SVRP, the responding party to the Review (whether the Reporting Party or the Respondent) shall be given notice of that new evidence and an opportunity to respond.
- 13.10** In circumstances where the discipline order is a suspension or expulsion, the SVRP shall convene a review with oral submissions at the request of the Respondent. In other cases, the SVRP has the discretion to hear oral or written submissions from the Reporting Party or Respondent on the grounds of review.
- 13.11** The Reporting Party will be provided notice of any SVRP hearing and will be entitled to make submissions, should the Reporting Party wish to participate.
- 13.12** If the SVRP determines that any of the grounds of Review set out in Section 13.4 are proven in relation to the Investigator’s findings, the SVRP may, depending on the reasons for decision and the circumstances of the case before it:
- i. Refer the matter back to the Investigator for reconsideration
 - ii. Require that a fresh investigation be undertaken and direct the Responsible Authority to appoint a new Investigator
 - iii. Order that any Immediate Measures in place during the investigation continue
 - iv. Direct the Responsible Authority to determine whether any Immediate Measures should be imposed pending the re-investigation, and/or
 - v. Suspend any disciplinary measures or remedial measures ordered as a result of the finding.
- 13.13** If the SVRP determines that any of the grounds of Review set out in Section 13.4 are proven in relation to the discipline or remedial measures, the SVRP may:

- i. Uphold the disciplinary measures or remedial measures ordered, or
- ii. Modify or reverse the disciplinary measures or remedial measure and substitute its own decision.

13.14 The SVRP shall issue its decision in writing. The decision shall include an explanation of the basis and reasons for the decision in relation to each ground of Review put before the SVRP.

13.15 The decision of the SVRP shall be final.

14. PARALLEL CRIMINAL PROCEEDINGS

14.1 Where a student Respondent has been charged criminally for a Sexual Violence related offence, or CBU becomes aware that law enforcement is investigating the Respondent in relation to a Sexual Violence related offence, CBU will suspend any ongoing investigation under this Policy until resolution of the criminal charge, unless:

- i. The CBU investigation is complete (all interviews are finished)
- ii. The police or Crown do not object to CBU commencing or continuing the investigation, or
- iii. Exceptional circumstances exist, such as relating to the health and safety of the Survivor/Victim or campus community that are not otherwise addressed by any criminal conditions or Immediate Measures imposed.

The decision to suspend will be made by the Responsible Authority in consultation with the Risk Assessment Team.

14.2 Where an employee of CBU has been charged criminally for a Sexual Violence related offence, the Responsible Authority, in consultation with the Risk Assessment Team, may choose, after consultation with the Survivor/Victim, to continue or suspend any investigation or alternative resolution process under this Policy, as determined appropriate by CBU, giving due consideration to the risk of potential impact on the police investigation.

14.3 The decision to suspend an investigation under this Policy pursuant to this Section may require the implementation or revision of Immediate Measures.

14.4 A Respondent is required to provide to CBU information on any current criminal charges faced by the Respondent and criminal conditions, such as bail or conditions of release, relating to the incident(s) of Sexual Violence that is the subject matter of the Disclosure or Report. For student Respondents this information is to be submitted to the Director of Student Affairs, for Employee Respondents this information is to be submitted to the Director of Human Resources.

15. WITNESS/THIRD PARTY OR ANONYMOUS REPORTING

15.1 Where a person witnesses or has reasonable concerns about an incident(s) of Sexual Violence, they may submit written or oral information to the Sexual Violence Prevention and Response Advocate, or seek advice from the Sexual Violence Prevention and Response Advocate.

15.2 A Third Party Report is where information about an incident of Sexual Violence is shared by an identifiable person who is not the Survivor/Victim/person who directly experienced the Sexual Violence. Where the information relates to an identifiable or identified Survivor/Victim, the witness/third party is encouraged to seek the consent of that Survivor/Victim before the witness/third party provides the information to the Sexual Violence Prevention and Response Advocate.

- 15.3 An Anonymous Report is where information about an incident of Sexual Violence is shared in a form that is anonymous, for example when the Sexual Violence Prevention and Response Advocate receives a written submission with no name attached to it, or a person discloses to another staff member but will not disclose their name. An Anonymous Report may be made by a Survivor/Victim or a Third Party.
- 15.4 CBU may be unable to investigate an Anonymous or Third Party Report due to lack of information or out of respect for the individual impacted by the Sexual Violence who has decided not to come forward.
- 15.5 Examples of where CBU may initiate its own investigation following one or more Third Party or Anonymous Reports include where there is social media or other evidence documenting Sexual Violence and/or where persons witnessed Sexual Violence against a person who was Incapacitated. Third Party or Anonymous sources may inform training or education to address systemic concerns or other policy changes at CBU.
- 15.6 Where there are multiple Third Party or Anonymous Reports, CBU may also explore what steps may be taken short of an investigation, such as targeted education and training, and/or increased campus security or monitoring of specified locations or events.

16. Multiple Disclosures About a Respondent

- 16.1 Where there are multiple Disclosures and one or more persons has made a formal Report but others have only made a confidential Disclosure, CBU may investigate the totality of the conduct by the Respondent, including by revealing the confidential Disclosures to an investigator in the course of the investigation or by asking those who made confidential Disclosures to participate in the investigation.
